1. The Competition is organised by **Foundation RE-ACT**, based in Lodz 90 - 350, ks.bp. Wincentego Tymienieckiego street 30a, with NIP (Tax Identification Number) 728 - 275 - 73 - 95 , hereinafter referred to as **the Organiser**.
2. The present Rules and Regulations constitute a legally binding contract between Participants and the Organiser in regard to the participation in the Competition. Each Participant is obliged to make themselves familiar with its contents.
3. The present Rules and Regulations apply to all the Participants of the Competition.
4. The Competition has an open form and is addressed to all designers who will meet the requirements of the Rules and Regulations.

2. Goal of the competition

Competition for the best recycling collection is a crucial point of RE-ACT Fashion Show programme. RE-ACT Fashion Show is a day of ecological fashion which takes place during FashionPhilosophy Fashion Week Poland.

Goals of the Competition:

1. to propagate the pro-ecological attitude and the idea of recycling.
2. to promote young fashion designers.

3. Participants of the Competition

Competition is intended for fashion designers, alumnus and students of university, colleges and academies.

4. Competition designs

1. All designers who wish to participate in the Competition are obliged to prepare sketches of a women clothing collection consisting of three outfits.
2. The sketch means projects' drawings with the photo of the project or sample material, described in English and Polish language (sketch in digital form - jpg, gif, png or 2 photos of outfits in jpg form).
3. 20 designers who have qualified to the final presentation of the RE-ACT Fashion Show are obliged to carry out their projects.
4. Designs which have qualified to the final presentation of the RE-ACT Fashion Show ought to be prepared in 36-38 sizes, for the height of 176 to 178 cm.
5. All competition's works should be made of recycled materials or suitable to recycling.

5. Assessment criteria

The jury will assess Competition designs according to the following criteria:

- creativity and inspiration with the idea of recycling

- work composition
- originality
- workmanship
- usable features of the project (outfits which may be wearable)
